

### PRECISION RIFLE WORKSHOP 4 HOURS

<b>Members &amp; Guests</b>	<b>\$80</b>
<b>Non-Members</b>	<b>\$100</b>

This 4 hr workshop is designed as an optional pre-basic precision rifle course. The course consists of assisting the student to setup and configure their rifle in the proper manner so they can achieve the correct body position and eye relieve to successfully employ their precision rifle to its maximum potential.

During the class, the student will have the opportunity to become familiar with their scope and its adjustments, become familiar with the mounting system, the scope rings, all the hardware and tools required to properly install and level the scope.

After successful completion of this workshop the student will have their precision rifle setup in a custom fashion that is set up for them.
