PRECISION RIFLE WORKSHOP

4 HOURS

Course Cost	\$80
--------------------	-------------

This workshop is designed as an optional pre-basic precision rifle course. The course consists of assisting the student to setup and configure his rifle in the proper manner so he or she may achieve the correct body position and eye relief to successfully use the precision rifle to its maximum potential. During the workshop, students will have the opportunity to become familiar with their scope, and its adjustments, become familiar with the mounting system, scope rings, and all the hardware and tools required to properly install and level the scope. After completing the workshop, the students will have their precision rifle setup in a custom fashion for themselves.
