

HOMESTEAD

TRAINING CENTER

CLOSE QUARTERS DEFENSE BASICS (2 DAY)

16 HOURS

Course Cost	\$400
--------------------	--------------

This two day course is designed to expose the individual to the basic tactics, techniques and procedures to safely move, clear rooms and structures from possible threats. Some of the topics covered will be planning, proper use of cover when searching a room before and after making entry, the different techniques for entering rooms, how to identify and approach different danger areas, and the common terms used to effectively plan and carry out a safer way to clear a structure.

Day 1: Students will be in the classroom where they will be introduced to the basic principles of CQD before going out to the shoot house. Once in the shoot house, initial dry runs will be conducted to ensure everyone understands the proper entry techniques, movement, and fundamentals of CQB. The second half of training day one will be conducted with live ammunition.

Day 2: The class will be issued SIMMUNITION pistol, ammunition, as well as protective equipment at which point students will have the opportunity to apply and execute the principles learned during day 1 of training but will do so against a live role player. This is not a beginner course, so students should be proficient in operating their pistol and have a thorough and clear understanding of firearm safety.

This course is instructed by former military veteran with extensive Military Operations in Urban Terrain, and by law enforcement SWAT personnel.

If you have any questions please don't hesitate to contact Homestead Training Center Training staff.
