### **NVG SKILLS DRILLS**

### **3 HOURS**

<b>Price</b>	<b>\$50</b>
--------------	-------------

Every 1st and 3rd Friday of the month HTC will hold an NVG drills night. This event is set up to give NVG users the opportunity to regularly train and practice with NVGs and supporting equipment. NVG qualified Instructors will provide different drills focusing on different aspects of shooting with NVGs, for example use of cover, movement, pistol transitions, distance, speed, general weapon manipulation, etc etc.... If there's something in particular the group would like to focus on or practice, just let us know and we'll do what we can to support that.
